³"A+" by S&P: An obligor rated "A" has strong capacity to meet its financial commitments but is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligors in higher-rated categories. The addition of a plus sign shows the relative standing within the rating category (source: www.standardandpoors.com).

"A-1" by S&P: An obligor rated "A-1" has strong capacity to meet its financial commitments. It is rated in the highest category by S&P Global Ratings (source: www.standardandpoors.com).

"A+" by Fitch: "A" ratings denote expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. The modifiers '+' or '-' may be appended to a rating to denote relative status within major rating categories (source: www.fitchratings.com).

"A1" by Moody's: Obligations rated "A" are judged to be upper-medium grade and are subject to low credit risk. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category (source: www.moody.com).
