Banca Monte dei Paschi di Siena SpA is committed to making its website accessible in accordance with Law no. 4 of 9 January 2004. This accessibility statement applies to <https://www.gruppomps.it>.

**Compliance status: partially compliant**

The website <https://www.gruppomps.it> is partially compliant with the requirements of Appendix A of UNI CEI EN 301549 due to the instances of non-compliance listed below.

**Non-accessible content**

The contents listed below are not accessible for the following reasons related to **non-compliance with law 9 January 2004, n. 4**:

- C.9.1.1.1 - Some non-text content presented to the user does not have a text alternative that serves the equivalent purpose;
- C.9.1.2.3 - No alternative or audio description is provided for some pre-recorded multimedia;
- C.9.1.3.1 - In some cases, information, structure or relationships conveyed through presentation of pages cannot be programmatically determined (or are not available in text);
- C.9.1.4.3 - The visual presentation of text and images of text does not always have the required minimum contrast ratio, except in the case of the exceptions provided for in the regulations (e.g. logotypes);
- C.9.1.4.4 - Some text, with the exception of captions and images of text, cannot be resized up to 200% without the use of assistive technology and without loss of content and functionality;
- C.9.1.4.5 - In some cases, images of text have been used instead of text alone. These are neither customisable nor essential to the information being conveyed;
- C.9.1.4.10 - Content that does not require a two-dimensional layout (such as data tables or maps) does not reflow when the dimension displayed by the user program changes;
- C.9.1.4.11 - For some essential components, even in different states, the colour contrast against adjacent elements does not exceed a ratio of 3:1;
- C.9.1.4.13 - In some cases where hovering or keyboard focus makes content visible and then hidden, there is no mechanism to dismiss the additional content without moving pointer hover or keyboard focus, the pointer cannot be moved over additional content without it disappearing, or the additional content does not remain visible until the hover or focus trigger is removed, the user dismisses it, or its information is no longer valid, subject to certain exceptions provided;
- C.9.2.1.1 - Some functions are not operable through a keyboard (or similar input interface);
- C.9.2.4.1 - There is no mechanism to bypass blocks of content that are repeated on multiple web pages;
- C.9.2.4.4 - The purpose of some links cannot be determined from the link text or from the link text together with its link content;

**MONTE
